CAREER OBJECTIVE

A dedicated Cybersecurity learner with strong analytical skills and hands-on experience in basic network protection. Committed to enhancing system security and preventing cyber threats.

EDUCATION

PHINMA-Auraullo University
BS Information Technology
2027-2028

Eduardo L. Joson Memorial high school
ICT
2024-2025

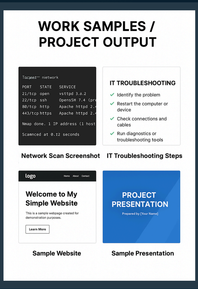
WORK EXPERIENCE

CYBER SECURITY INTERN
IBM PHILIPPINES
2033

- Assisted in monitoring network activities for unusual traffic
- Helped implement basic security protocols and password policies
- Documented incidents and supported trouble shooting steps

SKILLS

- Basic Network Security (firewalls, access control, VPN)
- Threat detection & incident reporting
- Cyber security tools (nmap,whire shark Nessus -if applicable
- Operating System (Windows , linux)



WORK SAMPLE

ACHIEVEMENT/CERTIFICATE

- Completed a basic network security project.
- Performed a simple vulnerability scan.
- Created a small cybersecurity-related program or tool.
- Helped secure or troubleshoot computer systems.
- Google Cybersecurity Certificate
- Cisco – Introduction to Cybersecurity
- IBM Cybersecurity Basics

Let's work together!
